

About Us:

Horizon Tech Consulting LLC specializes in delivering expert IT Audit, Cybersecurity, and Business Consulting services. As a minority-owned small business, we take pride in providing tailored solutions that secure data, optimize operations, and drive sustainable growth for businesses of all sizes, including government entities and financial institutions.

Our Services

- IT Strategy & Consulting: Align your technology infrastructure with your business goals to maximize efficiency and success.
- Cybersecurity Solutions: Safeguard your organization with proactive strategies against data breaches, ransomware, and evolving cyber threats.
- Information Systems Audit & Security: Conduct comprehensive audits to identify vulnerabilities and strengthen your IT systems.
- Attestation Engagement (SSAE16): Ensure compliance and build trust with stakeholders through reliable attestation services.
- Assurance Audits: Gain confidence in your cybersecurity measures and system effectiveness.
- Business Consulting: Implement strategic financial solutions tailored for small to mid-sized businesses.

What Sets us Apart:

At Horizon Tech Consulting LLC, we stand out due to our client-centric approach, delivering tailored solutions that address unique challenges and propel business growth. Our commitment to excellence and industry-leading expertise ensures top-tier service and support. Our team, composed of skilled professionals from IT, cybersecurity, and business consulting, brings a wealth of knowledge and experience. The collaborative, forward-thinking culture within our team enables us to effectively tackle complex challenges and achieve outstanding results for our clients.
